

# 2025 RAP Impact Survey

## About the RAP Impact Survey

Participation in the RAP Impact Survey is the **annual** reporting requirement for organisations within the RAP network.

This is administered through an online survey that is distributed in July each year. Your organisation's primary contact will be sent a unique link to complete the RAP Impact Survey.

The survey will ask you for information on reconciliation activities completed in the previous financial year 1 July 2025 – 30 June 2026.

The survey must be completed by **11:59pm (AEST) Wednesday 30 September 2026**.

We've included the complete set of questions in this guide to help you prepare for data collection prior to submitting your final responses through the online survey.

[Download a Word version of the survey questions here.](#)

The RAP Impact Survey provides an important mechanism for your organisation to measure annual performance and progression against core RAP commitments, and to ensure you remain accountable in tracking and reporting on your ongoing RAP commitments.

The information collected through the RAP Impact Survey enables Reconciliation Australia to understand the breadth of impact of the RAP network. Through annual reporting, your organisation is demonstrating its commitment to accountability and transparency.

Aggregate data is published in Reconciliation Australia's annual [RAP Impact Report](#), which outlines the collective impact of RAPs each year.

## How to complete the RAP Impact Survey

Your unique link to complete reporting will be sent to the primary and secondary contacts listed for your organisation in July each year.

Your unique link will direct you to our online survey platform, where you will input your collected data. This link will remain open until 30 September 2026.

There are 39 questions in total. A copy of the full list is on page 5 of this document. We recommend using this guide before completing the online survey.

**Note: from 2026 onwards, this survey will be run through SurveyMonkey. If your organisation experiences any issues accessing the survey due to website blockers or other security reasons, please reach out to [RAP.reporting@reconciliation.org.au](mailto:RAP.reporting@reconciliation.org.au) so we can provide you with guidance on an alternative method of submission.**

**Please plan to input all collected data into the online survey in one sitting. The platform may not save your data if you exit the survey.**

**The deadline to complete the online survey is 11:59pm (AEST) Wednesday 30 September 2026.**

## Data confidentiality

All data entered into the online RAP Impact Survey will be kept confidential. We do not publicly release data from any individual organisation and only aggregated data is used to prepare the annual RAP Impact Report.

We endeavour to protect the information from misuse, interference and loss, and unauthorised access or modification. For more information, please see Reconciliation Australia's [privacy policy](#).

## Who should report?

### 1. All RAP Organisations

If your organisation has had at least one RAP endorsed by Reconciliation Australia, you must report annually via the RAP Impact Survey—even if your RAP has expired or you're drafting a new one.

If you are currently implementing a RAP, you are required to report to us annually through the RAP Impact Survey.

Reporting consistently each year to Reconciliation Australia is a core requirement in all RAP types and a key accountability measure for your organisation.

Failure to submit your annual reporting to Reconciliation Australia by the due date will impact your organisation's accountability as a member of the RAP network, and as a result may affect the next RAP type you are able to develop.

### 2. Recently expired RAPs

You still need to report if your RAP has recently expired or you're working on your next one. Reconciliation activities continue beyond the formal RAP duration.

The annual reporting requirement is designed to measure the breadth of reconciliation activities occurring across the entire RAP network each year.

If your organisation is still implementing its RAP commitments even after its official end date, complete reporting.

### 3. New RAP organisations

If your **FIRST RAP** was endorsed less than 12 months ago, your organisation is **required to report**.

You'll complete **a shorter version** of the survey with 17 baseline questions.

For organisations in this category, only questions 1-12, 16, 25 – 27, and 37 apply.

This subset of questions is designed for organisations that are new to their reconciliation journey. It is intended to capture baseline data for your organisation.

Organisations in this category can still choose to complete the full survey (39 questions).

## Questions and definitions

This document contains the full list of questions that are asked in the online RAP Impact Survey.

You can also [download a Word document version](#) of the questions to assist with data collection of the questions to assist with data collection.

**Please read the definitions provided for each question carefully to assist with collecting the required information.**

**NOTE:** If your organisation's **first RAP** was endorsed **within the last 12 months**, you will have a shorter list of questions. Only respond to questions 1-12, 16, 25 – 27, and 37 (below in **GREEN**).
